MEET WINDY...and she rides like the wind! This precious, soft as cashmere, 1.5 yr old, gray/white, 12 lb, Lhasa Poo is the epitome of cute! Plus...she is all puppy! She came from the North Central Shelter and we (once again) haven't a clue why nobody adopted her. Windy is like a circus performer as she turns a pirouette when you give her a treat! She loves toys, people, children...she give lots and lots of kisses, but when you give her a belly rub...she goes into nirvana! Windy would be wonderful in a family with kids over 8 yrs old (only because she might knock a little one down with her gregarious personality)!

She is not a yappy dog, not an aggressive bone in her body and as playful as they come! Dogs are pack animals and Windy would love a canine companion to ruff and tumble with...and a yard would

be a plus. She is getting the hang of potty training and just needs outside access and some direction. Windy is a wonderful dog...will you let her blow into your life??
