HERE THEY ARE....WOODY AND BUZZ LIGHTYEAR (Buzz for short)....and they are creating a toy story all their own! This pair of some

kind of fluffy dogs, probably Shih Tzu Poodle, are blood brothers. Woody is 4 yrs old, 8.5 lbs, b/w; and Buzz is 4 yrs old, 17 lbs and cream/tan. They are a bonded pair, who absolutely love each other and will not be split up, so please don't ask.

Woody and Buzz came from the Carson Animal Shelter and we wanted to make sure they didn't get split up so we agreed to take them both. They are 10000000% the sweetest and cutest boys ever! They even pp in unison! They both love to cuddle with each other and with you...so very affectionate they are like a single dog. We haven't seen them playing much with toys or with each other yet, but they just arrived. They are still getting accustomed to getting lots of love, lots of walks and lots of attention! They do their business outside for the most part, and when they can't get out, they will use PP pads. No guarantees at your house tho! For the most part, they are quiet until you greet them in the morning or when a stranger comes to the door – they are great watch dogs!! But they are so sweet, it doesn't take but a minute for them to be lovingly kissing your face, especially Buzz!

The ideal home for these boys will be one where they will have a yard to play in, an active family, maybe kids over 8 yrs old (because they are soooooo sweet and easy going without any issues we've seen) who can grow up with them. These boys acclimate very easily and will make a house a warm and cuddly home. How does that sound to you???
