

Zion

Breed: Cockapoo

Age: 10-12 months

Sex: Male

Weight: 15 lbs

MEET ZION....and when we saw him on the website in Hesperia, he had no age, so we thought he was older. Nope, Zion is a puppy! This Cockapoo (as best we can assess) is coal black, with a beautiful coat (he doesn't shed); he's 15 lbs and only 10-12 months old! He is full of piss and vinegar, in a good way of course! All he wants to do is kiss you to life, play with his toys and the other dogs in foster care, go for walks (he needs practice as we taught him how to be on a leash) and just be your best friend. He would be great in a family with kids (over 8 please) and where he will get training and patience. Definitely, Zion needs a canine companion and a family to dote on him; we believe he would be too active for a senior home. This boy is a winner!!
