Zorro

Breed: Havanese X

Age: 1.5-2 yrs old

Sex: Male

Weight: 15.5 lbs

THIS IS ZORRO….our handsome, masked, mystery dog! Zorro is b/w, 15.5 lbs, 1.5-2 yrs old and full of life. When he first arrived, he was very fearful, he didn't feel well and was terrified. Zorro was so sick, he came from the Moreno Valley shelter, his neuter was a botched job, and his whole groin area was bruised and swollen. Not only that, he had pneumonia! This poor baby was a wreck and that, combined with being scared, caused him to be a little nippy. For this reason, we don't recommend children under 12 yrs old. Zorro isn't in the least bit aggressive – he asks and loves attention. Now that he is healthy, he is a cuddle bunny. He bonds to you in no time and will bark for attention. but he is not overly vocal at home or if he is left alone for a little bit. He can get a little

nervous in the car, but he settles down – just wants you to remember he is there and wants your attention! He is great on a leash and does his business where he should, but just be patient with him. He may need a refresher course as he is currently in doggie playcare! Zorro will fight for your love – just look into his big brown eyes and he'll let you know how badly he needs it. Will you be there for this wonderful boy? A home with another dog would make Zorro very happy as nobody can be home 24/7 and he likes to have companionship.
